

USPS-LR-R2013-7/1

Special Services Cap Compliance

Preface

A. Overview of the Workpapers

The Special Services workpapers consist of this preface and two Excel workbooks: CAPCALC-SpecServ-R2013-7.xls and CAPCALC-INTLSpecServ-R2013-7.xls.

CAPCALC-SpecServ-R2013-7.xls takes the results from CAPCALC-INTLSpecServ- R2013-7.xls, and determines cap compliance for domestic and international market dominant special services combined.

CAPCALC-SpecServ-R2013-7.xls contains individual worksheets for each special service, as well as the following worksheets.

- The “Cap Calc Page” and the “Cap Detail Page” worksheets calculate the amount of the price change for each of the special services.
- The “Cap Amount and Bank” worksheet shows how much cap was available, how much was used, and how much will be unused for Special Services, following the special services price changes.
- The “Prices” worksheet shows the current and new prices for each special service; each of the sheets for the individual special services is dynamically linked to this sheet for its price information.
- The “Hardcoded Data” worksheet contains data that are used on each sheet.
- The “Index” and “CoverPage” worksheets are the index and the cover page for the workbook, respectively.

CAPCALC-INTLSpecServ- R2013-7.xls contains the “Cap Calculation” worksheet, which summarizes the price changes for the market dominant international special services.

B. Adjustments to the Billing Determinants

Adjustments were made to the Insurance Billing Determinants reflecting that the price for \$50 and \$100 of insurance will be \$0 with those Priority Mail pieces that meet the requirements described in the Postal Service’s Notice of Market-Dominant Price Adjustment.¹

¹ Docket No. R2013-7, Notice of Market-Dominant Price Adjustment, at 2-3 (May 10, 2013).
